

2004 SUTTON MASTER PLAN POPULATION AND ECONOMICS CHAPTER

MEETING SUMMARY FEBRUARY 12, 2004 SUBCOMMITTEE MEETING 7:00 PM TOWN HALL

1. Introductions and Attendance
Dave White (Planning Board), Laura Scott and Rebecca Voegele (both from CNHRPC)
2. Overview of Sutton Master Plan
Laura Scott discussed the overall process of the Master Plan and how the Population and Economics Chapter would fit in as a data chapter.
3. Overview and Draft Review of Population and Economics Chapter
The purpose, goals and timeline of the chapter were discussed. CNHRPC will gather most of the data and supply appropriate interpretations. The Town may ask for additional information to be included in the chapter. Two additional meetings were scheduled, however, due to lack of community participation, they may be rescheduled to accommodate interested persons.

Rebecca went over the draft outline of the chapter. It was decided that that references to the 1988 Master Plan demographics would be eliminated as they would be redundant- historical data will be included in the chapter.
